

A photograph of three Anastomark coronary graft markers. One marker is a long, thin, silver-colored tube with two small circular openings at the bottom. The other two markers are black, ring-shaped components with a small protrusion on one side. They are set against a background of a snowy mountain range.

Anastomark® Coronary Graft Markers

Shaped by Surgeons.
Built for Better Outcomes.

Single-Use Coronary Artery Bypass Graft Markers

Clear Visualization. Confident Follow-Up.

Designed to Support Post-Op Clarity and Long-Term Confidence

Genesee's Coronary Graft Markers are implantable-grade tools designed to clearly mark bypass grafts for future identification. Whether for routine follow-up or complex re-interventions, our markers help clinicians reduce procedure time, limit the need for contrast media, and improve imaging confidence under fluoroscopy.

Marker Types and Benefits

Proximal Silicone Markers

- ✓ Made from **implantable-grade radiopaque silicone**
- ✓ Flexible material that **conforms to graft anatomy**
- ✓ **Dark color** for easy visibility during re-operation
- ✓ Supplied sterile, single-use

Distal Stainless Steel Markers

- ✓ Made from **implantable-grade stainless steel**
- ✓ Optional **plastic holder** for easier manipulation
- ✓ Offers **distinct radiographic visibility**
- ✓ Available sterile or in non-sterile bulk, single-use

Clinical Benefits

- ✓ **Quick and easy to implant**
- ✓ **Clear, unmistakable imaging** for graft identification

Helps reduce:

- ✓ **Fluoroscopy time**
- ✓ **Contrast media usage**
- ✓ **Number of angiographic catheters required**

Particularly useful for **interventional and diagnostic cardiologists** involved in post-op care

Ordering Information:
Flexible Silicone Proximal Markers

Qty	Catalog #	Product Description
25/box	FM-PM-1	Proximal Silicone Marker (1 per pouch)
50/box	FM-PM-2	Proximal Silicone Marker (2 per pouch)
75/box	FM-PM-3	Proximal Silicone Marker (3 per pouch)

Ordering Information:
Stainless Steel Distal Markers

Qty	Catalog #	Product Description
25/box	AMGM-SD	Distal Stainless Steel Marker (no holder)
25/box	AMGM-D	Distal Stainless Steel Marker with holder
100/bag	AMGM-BD	Distal Stainless Steel Markers, bulk non-sterile
